

# Geology Field Trip to the San Andreas Fault

Field Excursion with Dr. Mark Boryta

---

## Trip Details

Meet the Van at the small Faculty Parking Lot at Bldg 60 **at 7:15 a.m.**

\*\* We *should* be back to campus by about 6:00 p.m. \*\*

---

## What to Bring

### Necessary Items

- Clipboard (something stiff to write on)
- pens/pencils
- large lunch and snacks
- soft drinks/juice/water for the day (NO ALCOHOL) – 2 qts min.
- day pack to carry it all!
- POSITIVE ATTITUDE
- CHEERY DISPOSITION

### MORE Necessary Items

- comfortable shoes\*\*
- hat (incl. Thinking Cap)
- sunscreen
- sunglasses
- warm clothes/layers
- RAIN JACKET/Mittens
- GOOD KARMA
- SENSE OF HUMOR

### Optional

money for sundries  
camera (/film? Whazzat?)  
binoculars  
Dramamine – for windy roads  
anything else?...

*You will **TURN IN a short essay at the end of the day**, rather than going home and writing a report!*

\*\* I recommend **hiking boots** for this trip into the mountains; you *might* get away with tennis shoes if: 1) you don't mind getting them dirty; AND 2) you have strong ankles. **NO FLIP-FLOPS!**

---

## Safety

1. LISTEN to the instructor at all times!!!
2. During stops along the highway, KEEP TO THE SIDE OF THE ROAD and watch for traffic. Warn the rest of the party of the approach of traffic.
3. Do not climb cliffs when doing so will cause erosion - rocks and debris (and maybe your body) might fall onto the others, and the cliffs don't need any more help being eroded!
4. Take notice of who is near you on the bus, so that we can be sure where everyone is.
5. LISTEN to the instructor at all times!!!
